

Geography of Disasters & Emergency Management

(Spring 2017: GEOG 3340/5340, ENVST 3340)

What disasters are likely to occur where, when, and why?

What can be done to lessen their toll?

How can science, technology, and management help?

What career opportunities are available in this area?

Tom Cova, Professor, Geography
M/W 8:05 am - 9:25 am Spring 2017
