

# Spring 2017

## GEOG 3020 - Geographical Analysis

### T/H 9:10 AM-10:30 AM

**Fulfills:** Quantitative Reasoning-Statistics/Logic and Quantitative Intensive (QBQI)

## Learn to Analyze Data and Interpret Results

Develop a foundation for the application of statistical techniques, and the interpretation of their results. Provides a basis from which more advanced methodologies can be learned, and from which quantitative research can be approached.
