Grading Policy (Evaluation Methods & Criteria)

Projects will be graded on the student’s ability to complete each assignment with regard to the instruction given for that work. This includes a working understanding of the presented material and method, and a display of effort and care in a finished piece. Late work will automatically lose 20% of points available for that assignment. Homework is 10 points each = 250 points for the semester, approximately 38% of final grade. In-class work total = 410 points, approximately 62% of the grade. (See tentative schedule for each assignment’s value).

Attendance and Punctuality Policy

In-class work constitutes approximately 68% of the class grade, and cannot be made up outside class. (See evaluation methods and grading criteria). Instruction begins at the start of class. **Punctuality and attendance is imperative to get a passing grade.**

Policy 6-100III-O: "The University expects regular attendance at all class meetings. Instructors must communicate any particular attendance requirements of the course to students in writing on or before the first class meeting. Students are responsible for acquainting themselves with and satisfying the entire range of academic objectives and requirements as defined by the instructor."

Additional Policies

• **Participation:**
  Absolutely imperative.

• **Food & Drink:**
  Yes. Only drinks with lids.

• **Electronic Devices in Class:**
  Technological device use is a distraction to the instructional and working environment, and is prohibited during class. Cell phones are required to be off or silenced and stored away during the duration of the class session.

The University has an "**Accommodations Policy**" ([http://regulations.utah.edu/academics/6-100.php](http://regulations.utah.edu/academics/6-100.php)).

policy 6-100: "Students are expected to take courses that will challenge them intellectually and personally. Students must understand and be able to articulate the ideas and theories that are important to the discourse within and among academic disciplines. Personal disagreement with these ideas and theories or their implications is not sufficient grounds for requesting an accommodation. Accommodations requested on such grounds will not be granted. The
University recognizes that students' sincerely-held core beliefs may make it difficult for students to fulfill some requirements of some courses or majors. The University assumes no obligation to ensure that all students are able to complete any major. It is the student's obligation to determine, before the last day to drop courses without penalty, when course requirements conflict with the student's sincerely-held core beliefs. If there is such a conflict, the student should consider dropping the class. A student who finds this solution impracticable may request a content accommodation from the instructor. Though the University provides, through this policy, a process by which a student may make such a request, the policy does not oblige the instructor to grant the request, except in those cases when a denial would be arbitrary and capricious or illegal. This request must be made to the instructor in writing, and the student must deliver a copy of the request to the office of the department Chair or, in the case of a single-department college, to the office of the Dean. The student's request must articulate the burden the requirement would place on the student's beliefs.

**Faculty and Student Responsibilities**

"All students are expected to maintain professional behavior in the classroom setting, according to the Student Code (Policy 6-400), spelled out in the Student Handbook. Students have specific rights in the classroom as detailed in Article III of the Code. The Code also specifies proscribed conduct (Article XI) that involves cheating on tests, plagiarism, and/or collusion, as well as fraud, theft, etc. Students should read the Code carefully and know they are responsible for the content. According to Faculty Rules and Regulations (Policy 6-316), it is the faculty responsibility to enforce responsible classroom behaviors, beginning with verbal warnings and progressing to dismissal from class and a failing grade. Students have the right to appeal such action to the Student Behavior Committee."

"Faculty...must strive in the classroom to maintain a climate conducive to thinking and learning." (6-316)

Defining Plagiarism: "Plagiarism means the intentional unacknowledged use or incorporation of any other person's work in, or as a basis for, one's own work offered for academic consideration or credit or for public presentation. Plagiarism includes, but is not limited to, representing as one's own, without attribution, any other individual's words, phrasing, ideas, sequence of ideas, information or any other mode or content of expression." (Policy 6-400, Student Code)
