Text:
Linear algebra and its applications, fifth edition. David C. Lay, Steven R. Lay, Judi J. McDonald

Grade: 10% homework. 20% Quizzes and in class work. 40% Midterms. 30% Final exam.

Final exam: 8-10 am, December 12

Overview: This class will cover most of the first 7 chapters of the text. The tentative midterm exam dates are September 25th and November 13th. The date will be finalized by 2 weeks before each exam is given. In addition to the exams, there will be weekly homework, in class quizzes including one question quizzes on the previous day’s reading. There may be other in class assignments.

Students with Disabilities:
The University of Utah seeks to provide equal access to its programs, services and activities for people with disabilities. If you will need accommodations in the class, reasonable prior notice needs to be given to the Center for Disability Services, 162 Olpin Union Building, 801-581-5020. CDS will work with you and the instructor to make arrangements for accommodations. All written information in this course can be made available in alternative format with prior notification to the Center for Disability Services.
