Class attendance/participation:
One point deduction per one missed class. The first two missed classes will not affect total points. A make-up will be considered only if the student submits a note from a hospital or other PROFESSIONAL individual or organization (up to twice per semester). A make-up will include additional reading materials and a brief paper. A make-up must be completed within 2 weeks after the missed class. (Students need to submit a note from professional individual/organization before they start a make-up process. If you would like to do a make-up assignment, you need to request at the time of the submission of a letter.)

No texting/emailing in class – A student texting/emailing in class is not considered attended/participated in the class.

Class disruptions will be a subject of point deduction from your participation grade.

Weekly reflections and assignments (Due 11:59 pm every Friday):
All reflections/assignments are to be completed on Canvas.

No late submission will be accepted.
There won’t be any make-up or bonus points.

If the students are asked to write “approximately one paragraph”, the approximate amount of “one paragraph” refers to 1/3 of a letter size paper (single spaced, Times New Roman 12 points).

Assignments will be based on lectures and reading materials.
The student can see any course materials and own class notes but should not collaborate with or seek help from other people.

The purpose of the assignments is to assess levels of understanding of lectures and course materials. If your answer is solely based on materials outside of lectures and course materials, it may be concluded that you do not understand lectures/course materials. Thus, it is not necessary to use materials outside of the course. But if you still want to use materials outside of the course, the source should be properly cited.

If there is a question that you are unable to answer because you missed a class, request another question by submitting the evidence that you had a reasonable reason to miss the class (e.g. a note from a health care facility, a letter from your work supervisor). – you can do this up to twice/semester.

In class exercise (26 exercises, 0.5 point each):
Pick up a handout at the beginning of class and submit it at the end of class. To make up class exercise, please review all materials of the class which you missed and come to my office hours. You can make-up up to 5 class exercises.
