General Information

Instructor: Henryk Hecht
Days, Times, Location: MWF 10:45am - 11:35am in WBB 207
T 10:45am - 11:35 am in JFB B1
Office Hours: To be decided during the first class meeting

E-mail: hecht@math.utah.edu (important! please put "1250" in the subject)

Web Page: on Canvas

We will cover 1-9 of the book. We will also use other sources, which I will post on Canvas.

The emphasis of the course is on understanding concepts, rather than on computations. The prerequisite for the course is a score of 4 or better on AP Calculus AB test.

Organization of the course: Course is divided into four segments, each ending with an in-class test.

Dates of in class tests and the final examination are on the schedule sheet, which will be posted (on Canvas) by Thursday. There will also be weekly (approximately) take home tests.

No calculators allowed on in class tests and the final examination.

Final Grade Computation:

In Class Tests: 50% (Lowest score dropped).
Take Home Tests: 30% (Lowest two score dropped)
Final Examination: 20%

It is important to stay current with the material, and to ask questions, if something is not clear.
**Tutoring Center.** The math department offers free drop-in tutoring for students. The tutoring center is located in room 155 of the T. Benny Rushing Mathematics Center (adjacent to the LCB and JWB). You should take advantage of this outstanding facility. You can find more information at

**ADA Statement:** The American with Disabilities Act requires that reasonable accommodations be provided for students with physical, sensory, cognitive, systemic, learning, and psychiatric disabilities. Please contact me at the beginning of the semester to discuss any such accommodations for the course.
